

They also have high-quality senses of smell and hearing.
Bats hunt at night, reducing competition with birds.

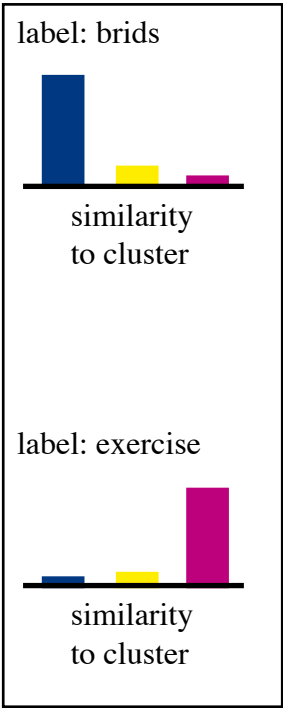

Larger bat drops help to increase swing speed. **Bats** with smaller drops create more power.

1. context

high speed quality
 quality senses smell
 smell pineapple hearing
 sound **bats** hunt dog
 night sky reducing risk
 competition tournament
birds dinosaur

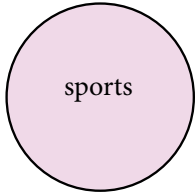

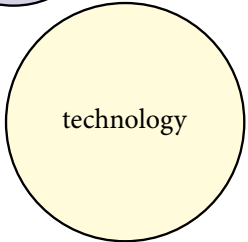

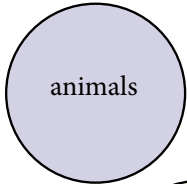

larger small drops kick
 increase decreasing
 swing pendulum speed
 light **bats** smaller
 amount drops kick
 create new more less
 power exercise

2. expanded context

3. labeled probability distributions over agglomeratively-clustered meanings

→ 4. SVM

P: agglomeratively-clustered meanings

	batman	birds	dog	exercise	senses	competition	drops
bat	0.9	0.75	0.6	0.4	0.3	0.25	0.1

P: relatedness vector
